CAREER OBJECTIVE

I am looking for my first opportunity as a young apprentice or intern.

EDUCATION

- Software Engineering
- Uninter University Center
- 2024 - 2028**

SKILLS

HTML • CSS • JavaScript • SQL • Git •
GitHub • Python • Vs Code

LANGUAGES

English: Upper-Intermediate B2 | [Link](#)

EXPERIENCE

Authorial Projects (2024 - Present)

- I develop original projects available on my GitHub that showcase my ability to create simple, functional solutions in web development.
- I mainly explore interface design and, gradually, integration with databases and APIs.
- Solid knowledge of HTML, CSS, and JavaScript, with fundamentals in Python, Java, and MySQL.
- I apply best practices for versioning (Git/GitHub), organization, and documentation.
- I incorporate UX/UI concepts, agile methodologies, and DevOps culture.
